

## FeCrAl Bright Flat Bar For Industrial Furnace

Our Product Introduction

for more products please visit us on [victory-alloy.com](http://victory-alloy.com)

### Basic Information

- Place of Origin: China
- Brand Name: Victory
- Model Number: FeCrAl Bar/Rod

### Product Specification

- Material: FeCrAl
- Size: Customized
- Port: Shanghai, China
- Thermal Expansion: 8.2-9.2  $\mu\text{m/mK}$
- Shape: Bar
- Application: Heating Elements, Industrial Furnaces, Electrical Appliances
- High Temperature Resistance: Up To 1400°C
- Surface Treatment: Bright, Oxidized, Polished
- Highlight: **FeCrAl Bright Flat Bar,  
Industrial Furnace FeCrAl Bright Flat Bar,  
Industrial Furnace Bright Flat Bar**

## Product Description

### Product Description:

The FeCrAl Bar is supplied in a rod form and is available in a bar shape. This product is perfect for those who require a flat stainless steel bar, bright steel round bar, or alloy steel bar. The FeCrAl Bar is designed to withstand high temperatures, making it an ideal choice for use in applications that require high temperature resistance.

The FeCrAl Bar is highly resistant to corrosion, which makes it an excellent choice for use in harsh environments. This material is also highly durable and has a long service life, which means that it will last for many years even in the most demanding applications.

The FeCrAl Bar is available in various sizes and can be customized to meet specific requirements. This product is designed to provide excellent performance and reliability, even in the most challenging environments. Whether you need a flat stainless steel bar, bright steel round bar, or alloy steel bar, the FeCrAl Bar is the perfect choice for your application.

Overall, the FeCrAl Bar is an excellent product that is manufactured to the highest quality standards. This product is perfect for those who require a high-strength, corrosion-resistant material that can withstand high temperatures and harsh environments. Whether you are looking for a flat stainless steel bar, bright steel round bar, or alloy steel bar, the FeCrAl Bar is the perfect choice for your needs.

### Features:

Product Name: FeCrAl Bar

Nickel: 80%

Size: Customized

Material: FeCrAl

Elongation:  $\geq 12\%$

Supply State: Rod

Can be used as a Flat Iron Steel Bar

Can be used as a Forged Square Bar

Can be used as a Flat Stainless Steel Bar

### Technical Parameters:

Product Name	FeCrAl Bar
Size	Customized
Application	Heating Elements, Industrial Furnaces, Electrical Appliances
High Temperature Resistance	Up To 1400°C
Resisivity	1.45
Material	FeCrAl
Nickel	80%
Hardness	$\geq 200$ HV
Supply State	Rod
Port	Shanghai, China
Surface Treatment	Bright, Oxidized, Polished

### Customization:

Our FeCrAl Bar/Rod is a high-quality product with a place of origin in China. It boasts an elongation of  $\geq 12\%$  and can withstand high temperatures up to 1400°C. The supply state is in rod form with a nickel content of 80%. The FeCrAl Bar/Rod is available in three surface treatments: bright, oxidized, and polished.

With our product customization services, you can tailor your FeCrAl Bar/Rod to your exact specifications. Choose from bright steel flat bar, bright steel round bar, or alloy steel bar to create a product that meets your needs.

### Support and Services:

The FeCrAl Bar product comes with technical support and services to ensure optimal performance and customer satisfaction. Our team of experts is available to provide assistance with any product-related questions or issues, including:

Product selection and recommendation

Installation and setup

Troubleshooting and diagnostics

Maintenance and repair

In addition, we offer a range of value-added services to help our customers get the most out of their FeCrAl Bar product, including:

Customized product design and engineering

Training and education programs

Product testing and analysis

Warranty and repair services

Our commitment to quality and customer satisfaction is reflected in everything we do, and we strive to provide the highest level of technical support and services to our valued customers.

## Packing and Shipping:

Product Packaging:

The FeCrAl Bar product will be packed securely in a cardboard box.

Each individual bar will be wrapped in protective material to prevent damage during shipping.

The box will be labeled with the product name, quantity, and any necessary handling instructions.

Shipping:

The FeCrAl Bar product will be shipped via a reliable carrier service.

The shipping cost will be calculated based on the destination and weight of the product.

The estimated delivery time will be provided at the time of purchase.

Customers will receive a tracking number to monitor the status of their shipment.

## FAQ:

**What is the brand name of this product?**

The brand name of this product is Victory.

2.

**What is the model number of this product?**

The model number of this product is FeCrAl Bar/Rod.

3.

**Where is this product manufactured?**

This product is manufactured in China.

4.

**What are the dimensions of this product?**

The dimensions of this product vary depending on the specific size ordered. Please refer to the product specifications for more information.

5.

**What is the composition of the FeCrAl Bar/Rod?**

The FeCrAl Bar/Rod is composed of iron, chromium, and aluminum, with trace amounts of other elements.
