

2B Surface Hastelloy Metal Hastelloy Alloys For Elevated Temperature Resistance

Our Product Introduction

for more products please visit us on victory-alloy.com

Basic Information

- Place of Origin: China JiangSu
- Brand Name: Victory
- Model Number: Hastelloy Plate

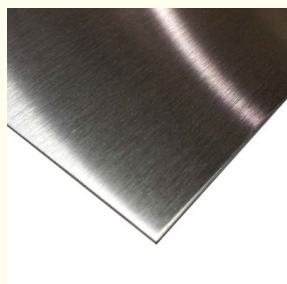

Product Specification

- Surface Finish: 2B, BA, No.1, No.4, No.8, HL, 8K, Mirror Finish And So On
- Equal Grade: UNS N10276, Hastelloy C276,
- Sample: Allowed
- Package: Wooden Boxes Package
- Heat Resistance: High
- Condition: Forging
- Applications: Chemical Processing, Pollution Control, Flue Gas Desulfurization Systems, Waste Treatment, Pharmaceutical And Food Processing Equipment
- Stock: Always In Good Stock
- Highlight: **2B hastelloy plate,**
Elevated Temperature Resistance hastelloy

Product Description

Product Description:

Our Hastelloy Alloy Plate is available in various surface finishes, including 2B, BA, No.1, No.4, No.8, HL, 8K, Mirror Finish, and so on. We understand that different applications require different surface finishes, which is why our Hastelloy Alloy Plate is available in a wide range of options to suit your specific needs.

Our Hastelloy Plate is known for its high heat resistance, making it ideal for use in high-temperature and corrosive environments. Whether you need a Hastelloy Alloy Plate for chemical processing, aerospace, or any other industrial application, our Hastelloy Plate is up to the task.

Our Hastelloy C22 Plate is available in flat plate sheet shape, making it easy to work with and fabricate. Plus, our Hastelloy Plate comes in sturdy wooden boxes package to ensure that your product arrives in perfect condition.

Overall, our Hastelloy Plate offers exceptional performance and durability, making it an excellent choice for a wide range of industrial applications. Contact us today to learn more about our Hastelloy C22 Plate and how it can benefit your business.

Applications:

The Hastelloy Plate is perfect for use in environments where there is a high risk of corrosion. It is commonly used in the chemical processing industry, where it is used to make various components such as reactors, heat exchangers, and pipes. It is also used in the oil and gas industry, where it is used to make valves, pumps, and other equipment that is exposed to harsh environments.

One of the key features of Victory's Hastelloy Plate is its excellent corrosion resistance. This product is able to withstand the effects of both reducing and oxidizing environments, making it ideal for use in a wide range of applications.

The Hastelloy Plate is available in a range of different conditions, including forging. This means that it can be shaped and molded to meet the specific needs of different industries and applications.

The product meets the following standards: ASTM B575, ASME SB575, ASTM B333, ASME SB333, ASTM B162, ASME SB162. It is also available in a range of different surface finishes, including 2B No.1, and 2D.

If you are looking for a top-quality Hastelloy Plate, Victory's product is a great choice. Samples are allowed, so you can try before you buy.

Support and Services:

The Hastelloy Plate is a high-performance alloy that is known for its excellent corrosion resistance in a variety of severe environments. Our technical support team is available to provide assistance with any questions or issues you may have with the product, including:

Material selection and compatibility

Product specifications and properties

Fabrication and welding

Installation and maintenance

Troubleshooting and problem-solving

In addition to technical support, we also offer a range of services to help you get the most out of your Hastelloy Plate:

Cutting to size and shape

Custom fabrication and machining

Surface finishing and polishing

Testing and inspection

Logistics and delivery

Our goal is to provide you with the highest level of support and service possible, so please don't hesitate to contact us if you have any questions or requests.

Packing and Shipping:

Product Packaging:

The Hastelloy Plate will be packed in wooden cases to ensure safe delivery.

The cases will be securely fastened and labeled with product information and handling instructions.

The product will be inspected for any damages before being packed.

Shipping:

The product will be shipped via a reliable and trustworthy shipping service.

The shipping method will be chosen based on the delivery location and urgency of the order.

The tracking information will be provided to the customer once the order has been shipped.

The estimated delivery time will also be provided to the customer.

FAQ:

Q: What is the brand name of the Hastelloy Plate?

A: The brand name of the Hastelloy Plate is Victory.

Q: What is the model number of the Hastelloy Plate?

A: The model number of the Hastelloy Plate is Hastelloy Plate.

Q: Where is the Hastelloy Plate manufactured?

A: The Hastelloy Plate is manufactured in China JiangSu.

Q: What are the dimensions of the Hastelloy Plate?

A: The dimensions of the Hastelloy Plate vary, please contact us for specific dimensions.

Q: What are the applications of the Hastelloy Plate?
A: The Hastelloy Plate has a wide range of applications including chemical processing, aerospace, and marine engineering.
