

Top Notch Hastelloy Plate C276 C22 For Superior Performance In Industries

Our Product Introduction

for more products please visit us on victory-alloy.com

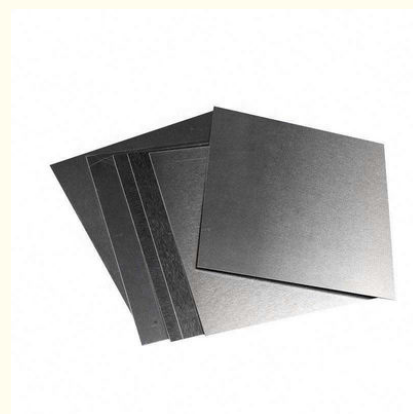

Basic Information

- Place of Origin: China JiangSu
- Brand Name: Victory
- Model Number: Hastelloy Plate

Product Specification

- Heat Resistance: High
- Melting Point: 1325-1370°C
- Surface Finish: 2B, BA, No.1, No.4, No.8, HL, 8K, Mirror Finish And So On
- Equal Grade: UNS N10276, Hastelloy C276,
- Shape: Flat Plate Sheet
- Standard: ASTM B575, ASME SB575, ASTM B333, ASME SB333, ASTM B162, ASME SB162
- Package: Wooden Boxes Package
- Condition: Forging
- Highlight: **Superior Performance hastelloy c276 plate ,
Industries hastelloy c22 plate ,
Top Notch hastelloy plate**

Product Description

Product Description:

Our Hastelloy Plate is a top-quality product that is made of Hastelloy Alloy. It is a corrosion-resistant alloy that is ideal for a variety of applications, including chemical processing, pollution control, flue gas desulfurization systems, waste treatment, and pharmaceutical and food processing equipment. Its resistance to corrosion makes it a popular choice for these industries.

Our Hastelloy Plate is made from Hastelloy C276, which is a nickel-molybdenum-chromium wrought alloy. Its resistance to corrosion makes it ideal for use in harsh environments, where it can withstand high temperatures and corrosive chemicals. It is also resistant to stress corrosion cracking and pitting, making it a highly durable and reliable choice.

Our Hastelloy Plate comes in a wooden box package, which ensures that it is protected during shipping and handling. We also offer an equal grade of UNS N10276, which is another popular choice for customers who are looking for a top-quality Hastelloy Plate.

Overall, our Hastelloy Plate is an excellent choice for those who are looking for a high-quality and durable product. It is ideal for use in a variety of industries, and its resistance to corrosion and other forms of damage make it a long-lasting and reliable choice. Whether you are looking for a sample or a larger order, we are here to help you get the product you need. Contact us today to learn more about our Hastelloy Plate and how we can help you find the perfect solution for your needs.

Applications:

The Hastelloy Material is known for its excellent corrosion resistance in various environments and temperatures. It is widely used in chemical processing, pollution control, flue gas desulfurization systems, waste treatment, pharmaceutical and food processing equipment.

The Hastelloy Plate is commonly used in the manufacturing of Hastelloy B2, which is a nickel-molybdenum alloy with significant resistance to reducing environments such as hydrogen chloride gas, sulfuric acid, acetic acid, and phosphoric acid.

The Victory Hastelloy Plate is a reliable and durable product that can withstand harsh environments, making it ideal for various industrial applications. Its flat plate sheet shape makes it easy to work with and customize to fit specific project needs.

Customization:

Brand Name: Victory

Model Number: Hastelloy Plate

Place of Origin: China JiangSu

Condition: Forging

Melting Point: 1325-1370°C

Shape: Flat Plate Sheet

Package: Wooden Boxes Package

Sample: Allowed

Hastelloy Plate is a type of Hastelloy metal that is known for its excellent corrosion resistance and high strength. Our customization services allow you to tailor the Hastelloy Plate to your specific needs. Whether you require a certain size or shape, we have the capabilities to deliver a product that meets your exact requirements. Hastelloy B2 is another option for those looking for improved corrosion resistance in reducing environments. Contact us today to learn more about our customization services and how we can help you get the most out of your Hastelloy Plate.

Support and Services:

Our Hastelloy Plate product is designed to meet the highest industry standards for chemical resistance and durability. We offer comprehensive technical support and services to ensure that our customers receive the most out of their purchase. Our team of experts is available to assist with any questions or concerns regarding the product's properties, applications, and maintenance. Our services include product training, on-site installation, and maintenance support, as well as troubleshooting and repair assistance. We are committed to providing exceptional customer service and ensuring that our customers receive the best possible experience with our product.

Packing and Shipping:

Product Packaging:

The Hastelloy Plate will be securely packed in a wooden crate.

The crate will be sealed and labeled with the product name and specifications.

The crate will be wrapped in plastic sheeting to protect it from moisture and dust.

Shipping:

The shipment will be arranged within 1-2 business days of receiving the order.

We use reliable shipping carriers to ensure safe and timely delivery.

The customer will be provided with a tracking number to monitor the shipment.

Delivery times may vary depending on the destination.

FAQ:

Q: What is the brand name of this product?

A: The brand name of this product is Victory.

Q: What is the model number of this product?

A: The model number of this product is Hastelloy Plate.

Q: Where is this product manufactured?

A: This product is manufactured in China JiangSu.

Q: What are the dimensions of this product?
A: The dimensions of this product vary depending on the size ordered. Please refer to the product specifications for more information.
Q: What is the material composition of this product?
A: This product is made of Hastelloy, a nickel-based alloy known for its excellent corrosion resistance and high-temperature strength.
