

Platinum Rhodium Bare Wire For Thermocouple

Our Product Introduction

for more products please visit us on victory-alloy.com

Basic Information

- Place of Origin: China
- Brand Name: Victory
- Model Number: Thermocouple Bare Wire
- Minimum Order Quantity: 5

Product Specification

- Density: 7.4g/cm³
- Sample: Acceptable
- Enamelled Dia: 0.025mm
- S Type: Pt-Rh10
- Color: As Required
- Standard: IEC, ASTM...
- Wire Packing: Spool Or Coil As Per The Size
- Thickness: 0.2mm~1.0mm
- Highlight: **Thermocouple Bare Wire,
Platinum Rhodium Thermocouple Wire,
Platinum Rhodium Bare Wire**

Product Description

Product Description:

Made with high quality Chromel/Alumel conductor material, this wire is available in both Grade I and Grade II, ensuring that you get the perfect wire for your specific needs. With a density of 7.4g/cm³, you can be sure that this wire is both durable and reliable. Our Thermocouple Bare Wire is the ideal choice for a range of high temperature applications, including Fisher Paykel heater wire and other high temp electrical wire needs. With its superior quality and reliable performance, you can trust our wire to deliver the results you need.

Features:

Product Name: Thermocouple Bare Wire
Density: 7.4g/cm³
Application: Thermocouple, temperature Measurement
Sample: Acceptable
S Type: Pt-Rh10
Enamelled Dia: 0.025mm
Other keywords:
High Temperature Alloy Wire
J Type Thermocouple Cable
Fisher Paykel Heater Wire

Technical Parameters:

K Type Thermocouple Cable	Acceptable
Density	7.4g/cm ³
Wire Diameter	0.25mm
Outer Jacket Material	None
Wire Packing	Spool Or Coil As Per The Size
Conductor Material	Chromel/Alumel
Thickness	0.2mm~1.0mm
Color	As Required
Enamelled Wire	Can Be Supplied
Grade	I/II
Fisher Paykel Heater Wire	Yes
High Temperature Resistant Cable	Yes

Applications:

The Thermocouple Bare Wire can be used in conjunction with a cast iron thermocouple protection tube to measure temperature in harsh environments. This makes it an excellent choice for industries such as steel manufacturing, glass production, and chemical processing. Victory's Thermocouple Bare Wire is made in China and can be supplied in either spool or coil packing, depending on the size required. The wire is available in different colors as required by the customer. The outer jacket material is not included in the product, but enamelled wire can be supplied upon request.

The minimum order quantity for Victory's Thermocouple Bare Wire is only five, making it an accessible option for both small and large-scale industries. The wire's accuracy and durability make it a reliable choice for high temp K type thermocouple applications. In summary, Victory's Thermocouple Bare Wire is an excellent option for industries that require high accuracy and precision in temperature measurement. It is made with high-quality materials and can withstand high temperatures, making it a reliable choice for various applications. With its low minimum order quantity and customizable options, Victory's Thermocouple Bare Wire is an accessible choice for industries of all sizes.

Customization:

Our customization services ensure that the product meets your exact requirements. We can customize the product with a Cast Iron Thermocouple Protection Tube that will add an additional layer of protection to the product. Please contact us for more information on our customization services.

Support and Services:

The Thermocouple Bare Wire product offers comprehensive technical support and services to ensure optimal performance and customer satisfaction. Our team of experts is available to assist with any product-related inquiries, troubleshooting, and installation guidance. Additionally, we offer personalized training sessions to help customers get the most out of their thermocouple bare wire products and ensure safe and efficient operation. We are committed to providing fast and reliable support to minimize downtime and keep your operations running smoothly.

Packing and Shipping:

Product Packaging:

Thermocouple Bare Wire

Quantity: 1 roll

Length: 100 feet

Weight: 2 lbs

Dimensions: 6 x 6 x 6 inches

Shipping Information:

Shipping method: Standard

Estimated delivery time: 3-5 business days

Shipping cost: \$5.99

FAQ:

Q: What is the brand name of this product?

A: The brand name of this product is Victory.

Q: What is the model number of this product?

A: The model number of this product is Thermocouple Bare Wire.

Q: Where is this product made?

A: This product is made in China.

Q: What is the minimum order quantity for this product?

A: The minimum order quantity for this product is 5.

Q: What type of thermocouple is used in this product?

A: This product uses a type K thermocouple.
